Join us for the inaugural
ELIOT S. HEARST
MEMORIAL
LECTURESHP
Friday, October 4th
Indiana Memorial Union
(300 E. 7th Street – Bloomington, Indiana)

The Eliot S. Hearst Memorial Lecture Series was established to honor the memory of former Distinguished Professor Eliot Hearst, who passed away on January 30, 2016.

It is a vital, intellectually rigorous lecture series that brings leading thinkers in the field of psychological and brain sciences to Indiana University to give lectures and actively engage with students, faculty, staff and the community at large. An especially important priority for this lectureship is student engagement and instilling a sense of wonder.

The Lectureship Fund was graciously enhanced by Joseph Newman and Alida Evans, for whom Eliot was a mentor and life-long friend.
